

How to Find the Publication Date of a Site

Step 1. Go to google.com and copy-paste the URL of the web page in the search box along with the **inurl:** operator (e.g. **inurl:www.example.com**). NO SPACES. Hit enter.

Step 2. Now go to browser address bar and copy-paste **&as_qdr=y15** at the end of the Google search URL. NO SPACES. Hit enter again.

Step 3. Google will load the results again and this time, you'll see the actual publication date of the web page next to the title in Google search results.

****Copy & paste the red code into your Google address bar.**
